

Through discussions at our October meeting, we thought a compilation of local vendors and service people who have assisted us with our vehicles would be useful to all. There are many vendors we have had good experiences with that we have shared with our fellow club members through questions and conversations. The thought is to compile a quick list we can share with all. This could include general repair shops, body shops, local vendors, specialized vendors by production year, some guy who has a bunch of inventory in his garage that is always in good shape and well priced, etc. Any business that is local that you would recommend to a club member is the goal for this list. The attached template is what we would like to include in our directory. If you have a vendor you would like to include, please fill out the information request and email or mail it to Ted Mandalakis. We will distribute the compiled list in the near future.

Local “RRR” Referrals

Company Name:
Street Address:
City, State, Zip:
Owner/Contact (if known):
Phone Number:
Website:
Their Specialty: (electrical repair, exhaust, etc.)
Vehicle Years Serviced (if specific):
Additional Comments:
Recommending Club Member: (your name)
